A WEBSITE CONCEPT CREATED FOR KIM DINH

A preview of the custom Kim Dinh website concept.

2x Restaurants with a mobile-friendly website are twice as likely to see sales increases.
Source: 2024 Restaurant Industry Report

85% of diners view the menu on a restaurant's website before visiting for the first time.
Source: Deloitte

Dear Kim Dinh team,

I noticed your restaurant doesn't have a website yet, so I designed a concept of what one could look like for you - pictured above.

I'm Louie with Express Web Design (**expresswebdesign.ca**). We build modern, mobile-friendly websites for small businesses across the GTA.
